

FY2011 Labor, Education, Health and Human Services Appropriations Requests

(listed in alphabetical order)

Chemeketa Community College Health Information Program - \$800,000

This project serves immediate needs by training technicians, administrators, and specialists who can support the many varied electronic health information systems. Equally importantly, it also prepares a new cadre of medical office assistants for family-wage jobs in a field with projected shortages of professionals experienced in medical coding, health information software protocols, data collection, and patient privacy.

Clackamas County Vulnerable Adult Unit - \$335,000

In order to enhance current efforts to protect disabled adults, the Clackamas County District Attorney, in collaboration with the Sheriff and the Department of Health, Housing and Human Services, proposes expanding the existing vulnerable elder abuse program by forming a Vulnerable Adult Unit (VAU). This unit would consolidate current law enforcement and social service efforts to protect elderly and disabled adults by bringing together a multi-agency/multi-disciplinary team. This program will reduce instances of elder abuse and will serve as a model for other jurisdictions around the country who are seeking to combat this growing problem.

Creative Leadership Achieves Student Success (CLASS)

Sherwood, Forest Grove, and Tillamook school districts - \$500,000

The purpose of the program is to improve the quality of instruction and management as a means to increase student achievement. By reducing the rate of teachers leaving the profession, making tenured teachers and administrators better professionals, and improving student achievement, the CLASS project is providing tremendous value to Oregon. The funding in this request will be used for the CLASS project in the school districts of Sherwood, Forest Grove, and Tillamook, Oregon.

Health and Wellness Center Electronic Health Record Project - \$176,500

The project consists of the implementation of the Indian Health Service Electronic Health Record system for the Grand Ronde tribe. The Health and Wellness Center is a facility with significant gaps in the infrastructure regarding patient information that creates inefficiencies which impact the ability to coordinate care and maintain quality outcomes. This funding will help them begin to deal with those gaps in their IT infrastructure.

Mental Health Community Outreach Project, Marion County, OR - \$200,000

Funds will be used to pay for mental health treatment, medications or other supports for uninsured participants in Marion County's Mental Health Court. With success and engagement in treatment the participant's time in court is reduced as they move through the program. Participants who successfully complete the mental health court program are eligible for a dismissal of their charges, which for some may even mean the dismissal of a felony charge.

Veterans Job Training Program, Clackamas Community College - \$735,000

Clackamas Community College established its Veterans Education and Training Center in November 2009. The center will pioneer new models for speeding the connection between returning veterans with high skills training and employers with high wage jobs in the civilian economy. Special emphasis will be placed on serving veterans of the National Guard and Army Reserve. Funding provided to Clackamas Community College will be used to launch a comprehensive regional model to train and transition veterans into skilled workplace occupations. At least 5,000 veterans will be served by these funds.
